Tailored Student Support Sessions

In the Community and Counselling faculty we believe that learning should not only be enjoyable but tailored to meet the busy needs and schedules of our students. In the past our students have struggled to either get to a workshop location or have found it was not on at a convenient time. For this reason we are now offering live, synchronous sessions that suit the needs of the student to apply their theoretical knowledge to practical real life situations. This means that the student can schedule a time that is convenient to them any time throughout their diploma with one of our counselling trainers to engage with them face to face online. There is no limit as to how many sessions they can schedule thus enabling the student to gain valuable experience and confidence required to be job ready as a counsellor.

The student will require the use of a computer with camera, internet and a headset. If the student does not have a headset they are available for purchase from places such as office works for as little as \$8.

Update to training package

Recent changes to the CHC51712 Diploma of Counselling qualification package will mean a change to the training provided in this qualification. Students are permitted to enrol into the 2012 Version (CHC51712 Diploma of Counselling), but must be made aware that they will be transitioned to the 2015 version (CHC51015 Diploma of Counselling*) before 6th June 2017, unless they complete the course prior to that date. The effect of this change to their studies will be minimal, and the resulting qualification will meet all requirements for accredited training so the same level of qualification will be achieved. If you have any questions regarding this topic please contact our course consultants for further information. *As the 2015 version of the course has just been released, the application is currently pending for Australis College to offer the CHC51015 Diploma of Counselling. At this stage however it must be noted Australis College currently does not have the CHC51015 Diploma of Counselling on scope and cannot offer the course until it has been approved.
